INTERESTS

Please check the boxes for things that you, your spouse or partner are interested in helping with at the school. It may take some time to compile our list and contact you, so please be patient and don't be afraid to ask us if you haven't heard from us.

Some people like to help a little and some like to help a lot..but anytime that you can give to your child's school is always welcome. Volunteers are the glue that keep things running smoothly and your help is always appreciated!
